We are committed to providing a high standard of service to you and all of our customers and we want you to be entirely satisfied with the service you receive from us.

Informing us when you are unhappy with the service you've experienced gives us the opportunity to put matters right for you and to improve our service in the future for all our customers. We aim to acknowledge each step of a complaint within 1 working day of receiving it (or 5 working days if no email or telephone number is provided). We will investigate and aim to come back to you with a resolution within 7 working days at every stage.

While we strive to deliver 100% satisfaction, occasionally there can still be times where we unintentionally fall short. We will always try our hardest to resolve any situation where you are not completely satisfied.

Complaints procedure

Step 1

Our experienced customer service staff are best placed to deal with any issue regarding your stairlift or lift and will work closely with you to resolve it. You can share your concerns with them by telephone, email or by letter.

Contact the relevant customer service staff to give them the first opportunity to deal with your complaint and put matters right.
